

Service Centre

ASGB has recently opened a new Service Centre Facility with 4 dedicated vehicle bays. Highly quality Service Engineers are supplemented by ASGB Coachbuilders and Paint Specialists to offer planned maintenance, servicing and repairs as below:

- Condition checks of air conditioning pipework and coils
- Service of air conditioning plant, hydraulics & bodywork
- Repairs to bodywork, paint repairs
- Service of electrics AC & DC
- Service of generator sets

ASGB Service Team also includes responsive and flexible service engineers who are available to attend site within the UK or overseas at short notice in order to assist with planned maintenance of repair of vehicles
